

Multifoam 2K

2 Component Fire Protection Foam

Product Data Sheet

MULCOL
INTERNATIONAL

Multifoam 2K

2 Component Fire Protection Foam

Fire resistance
≤ 120 minutes

Acoustic insulation
Rw 47 dB

Working life
30 years

Resistant against
Fungi and bacteria

2 Component Fire Protection Foam

Multifoam 2K is a foaming two-component polyurethane foam with fire-retardant additives for the fire-resistant sealing of openings around cable trays, cable bundles, Combustible and non-combustible. In the event of fire, the two-component foam prevents fire and smoke from spreading through fire-resistant walls and floors. Multifoam 2K was developed for quick installation and to seal hard-to-reach penetrations.

Multifoam 2K forms part of the Mulcol® Multifoam 2K System. Multifoam 2K can be combined with the Multifoam Wrap in order to realise fire-resistant seals of up to 120 minutes for cable trays, cable ladders, electric cables and cable bundles.

Advantages

- ✓ Fire resistance ≤ 120 minutes
- ✓ CE-certified
- ✓ Installation from one side possible
- ✓ Quick and easy application
- ✓ Efficient processing, no loss of product
- ✓ Permanently elastic and paintable once hardened
- ✓ No lining required in the case of plasterboard partitions
- ✓ Post-hardening cable mutations possible
- ✓ Excellent adhesion on virtually all surfaces

Applications

- ✓ Rigid walls and floors
- ✓ Flexible walls
- ✓ Plastic pipes up to Ø 50 mm
- ✓ Steel, stainless steel and copper pipes with and without insulation
- ✓ Cable trays, cable ladders, electric cables and cable bundles
- ✓ Aluminium composite pipes with and without insulation
- ✓ Electrical room services with cast-in plastic pipe sleeves

Technical data

Colour	Red/brown
Application temperature	+15 °C to +30 °C (optimaal +20 °C tot +25 °C)
Temperature resistance	-20 °C tot +80 °C
VOC	< 2 g/L
Reaction to fire	E conform EN 13501-1

Packaging

	Contents	Box	Pallet	Pallet	Article number
Cartridge	380 ml	6 pieces	60 boxes	360 pieces	301006380

Accessories (included)

- ✓ 8 pieces of mixing nozzles 380 ml

Accessories (available separately)

Duct tape

1 roll of 20 meters

Article number: 803010105

Mixing nozzle 380 ml

10 pieces per set

Article number: 803010101

Extension for mixing nozzle

10 pieces per set

Article number: 803010102

HandyMax dispensing gun

380 ml (5:1)

Article number: 803010202

PowerMax dispensing gun

380 ml (5:1)

Article number: 803010205

Tempering box

WAECO TC 21FL

Article number: 803010401
